Note to existing members:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Anthem Blue Cross and Blue Shield. When it refers to “plan” or “our plan,” it means Anthem MediBlue Plus (HMO).

This document includes a list of the drugs (formulary) for our plan which is current as of January 1, 2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

The Formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

What is the Anthem MediBlue Plus (HMO) formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary (drug list) change?

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Anthem MediBlue Plus (HMO)’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of January 1, 2019. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. If any other type of approved formulary change (nonmaintenance change) is made during the year, we will notify you by sending you a list of these changes, or by sending you an updated formulary.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular, Hypertension/ Lipids.” If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 68. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

Prior Authorization: Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.

Quantity Limits: For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 30 tablets per prescription

for *donepezil*. This may be in addition to a standard one-month or three-month supply.

Step Therapy: In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Anthem MediBlue Plus (HMO)'s formulary?” on page 5 for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.

You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Anthem MediBlue Plus (HMO)'s formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a predetermined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

You can ask us to cover a formulary drug at a lower cost-sharing level. If approved this would lower the amount you must pay for your drug.

You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term-care facility and, you need a drug that is not on our formulary, or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug while you pursue a formulary exception.

During the time when you are getting a temporary supply of a drug, you should talk to your prescriber or prescribing physician to decide what to do when your supply runs out. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your doctor find a covered drug that might work for you while you pursue a formulary exception. Please refer to the Evidence of Coverage for more information about exceptions.

For more information

For more detailed information about our plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last

updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day/7 days a week. TTY users should call **1-877-486-2048**. Or, visit <http://www.medicare.gov>.

Our plan's formulary

The formulary on page 8 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 68.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SPIRIVA) and generic drugs are listed in lowercase italics (e.g., *atenolol*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

QLL – Quantity Limits: Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled (most often set on a monthly basis).

PAR – Prior Authorization: The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

ST – Step Therapy: The process of first trying a certain drug or drugs to determine if that drug or those drugs will treat your medical condition before your plan will cover another drug for that condition.

B/D PAR – Part B vs. Part D: This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

LA – Limited Access: This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Service at 1-866-673-4157, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday

(except holidays) from April 1 through September 30. TTY/TDD users should call 711.

MO – Mail Orders: Prescription drugs available through mail order. Allow up to 14 days from the date the prescription is ordered to process and mail. For first time users of the home delivery pharmacy have at least a 30-day supply of medication on hand when a request is placed with home delivery pharmacy.

CG – Coverage Gap: We provide additional coverage of this prescription drug in the coverage gap. Please refer to your Evidence of Coverage for more information about this coverage.

Cost-sharing for a one-month supply of a covered Part D prescription drug during the Initial Coverage Stage:

Cost-Sharing Tier 1: Preferred Generic	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	\$10.00
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$15.00
Cost-Sharing Tier 2: Generic	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	\$15.00
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$20.00
Cost-Sharing Tier 3: Preferred Brand	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	\$41.00
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$46.00
Cost-Sharing Tier 4: Nonpreferred Drugs	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	\$95.00
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$100.00
Cost-Sharing Tier 5: Specialty Tier*	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	25%
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	25%
Cost-Sharing Tier 6: Select Care Drugs	
Network Pharmacy with preferred cost-sharing (30-day supply) or Mail-Order Pharmacy** (30-day supply)	\$0.00
Network Pharmacy with standard cost-sharing (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$0.00

Please refer to our Evidence of Coverage for more information on cost sharing.

The amount you pay will depend if you qualify for low-income subsidy (LIS), also known as Medicare's "Extra Help" program.

Network Pharmacy with preferred cost-sharing – A network pharmacy that offers covered drugs to members of our plan that may have lower cost-sharing levels than other network pharmacies with standard cost-sharing.

* A long-term supply is not available for drugs in the Tier 5: Specialty Tier

** Mail-Order Pharmacy – Mail-order service allows you to order a 30–90-day supply of drugs. The drugs available through our plan's mail-order service are marked as "mail-order" drugs in our drug list.

Covered Medications by Therapeutic Category

Legend

Generic drugs are shown in lowercase italic (e.g., *atenolol*).

Brand-name drugs are shown in capital letters (e.g., SPIRIVA).

QLL – Quantity Limits: Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled (most often set on a monthly basis).

PAR – Prior Authorization: The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

ST – Step Therapy: The process of first trying a certain drug or drugs to determine if that drug or those drugs will treat your medical condition before your plan will cover another drug for that condition.

B/D PAR – Part B vs. Part D: This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

LA – Limited Access: This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Service at 1-866-673-4157, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. TTY/TDD users should call 711.

MO – Mail Orders: Prescription drugs available through mail order. Allow up to 14 days from the date the prescription is ordered to process and mail. For first time users of the home delivery pharmacy have at least a 30-day supply of medication on hand when a request is placed with home delivery pharmacy.

CG – Coverage Gap: We provide additional coverage of this prescription drug in the coverage gap. Please refer to your Evidence of Coverage for more information about this coverage.

You can find information on what the symbols and abbreviations on this table mean by going to the Legend on page number 8.

Drug Name	Drug Tier	Requirements /Limits
<i>sodium bicarbonate intravenous syringe 10 meq/ 10 ml (8.4 %), 7.5 % (0.9 meq/ml)</i>	4	MO
<i>sodium bicarbonate intravenous syringe 8.4 % (1 meq/ml)</i>	4	
<i>sodium chloride 0.45 % intravenous parenteral solution</i>	2	MO
<i>sodium chloride 0.45 % intravenous piggyback</i>	4	
<i>sodium chloride 3% intravenous injection solution</i>	4	MO
<i>sodium chloride 5% intravenous injection solution</i>	4	
<i>sodium chloride intravenous</i>	4	MO
<i>sodium lactate</i>	4	
<i>travasol 10 %</i>	4	B/D PAR; MO
TROPHAMINE 10 %	4	B/D PAR; MO
TROPHAMINE 6%	4	B/D PAR

You can find information on what the symbols and abbreviations on this table mean by going to the Legend on page number 8.

Index of Drugs

Legend

Generic drugs are shown in lowercase italic (e.g., *atenolol*).

Brand-name drugs are shown in capital letters (e.g., SPIRIVA).

The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

Drug Name	Page
<i>abacavir oral solution</i>	8
<i>abacavir oral tablet</i>	8
<i>abacavir-lamivudine</i>	8
<i>abacavir-lamivudine-zidovudine</i>	8
